

Online Social Media Survey

Using survey monkey, we created an online survey that was completed by the residents prior to the session on digital professionalism. Questions on the survey were as follows:

1. Using a 5-point Likert scale (1 = strongly agree, 5 = strongly disagree),

I feel comfortable using digital forms of media

2. Over the past years, I have used the following social media sites (check all that apply):
facebook, linked in, twitter, google +, my space, other

3. I use social media daily, weekly, monthly, less than once a month

4. I use social media sites for: personal, professional or both

5. I have been contacted by an attending on facebook or Twitter

6. The number of unprofessional posts I have witnessed on facebook or Twitter over the past month is: none, one, two, or three or more

7. I have posted something unprofessional on facebook or Twitter (Yes or No)

8. I have friended the following people on facebook: nurses, attending, PA, technologists, departmental administrators

9. Do you believe social media has impacted your professional career (Yes, No)
