

A³ SPIRE

American Alliance of Academic Chief Residents in Radiology (A³CR²)

Summer Newsletter □ October 2016

On March 29th, 2016 the 64th annual meeting of the Association of University Radiologists convened at the Manchester Grand Hyatt in San Diego, California. The meeting, entitled “Diversity, Inclusion, and Cultural Competency in Academic Radiology,” brought together resident and faculty leaders from academic radiology programs across the country and included leaders in education, research and clinical care. Chief residents gathered as part of the American Alliance of Academic Chief Residents in Radiology (A³CR²). The A³CR² executive committee helped organize programming for the annual meeting, then passed on their responsibilities to newly elected officers for the upcoming 2016-17 academic year.

2016 A³CR² Highlights

A³CR² problem solving session combining faculty and residents from across the country.

Never a dull moment in the bay of Coronado which provided a stunning backdrop for the 2016 annual meeting.

Attendees enjoyed beautiful sunsets overlooking Coronado.

Welcome reception aboard the *Inspiration Hornblower Yacht*.

Dr. Bibb Allen and Dr. Amy Patel after giving the annual ACR update to the A³CR².
